

BETON TROWEL

CONCRETE FINISHING
& COMPACTION

RIDE ON POWER TROWEL BT900BL BATTERY LOW RIDER

A well balanced powerful floating and finishing machine equipped with 10 kW Clover Engine including 10 LiFePo batteries and 5 High Speed Fast Chargers.

- **Reliable Performance:** Consistent and stable operation even in temperatures below 0°C.
- **Extended Run Time:** Average of 60 minutes of uninterrupted use.
- **Battery Charging time below Run time:** non-stop running with only 1 set of extra batteries.
- **Premium LiFePo4 Battery:** Safe, lightweight, non-flammable and non-toxic.
- **Longer Battery Life:** our LiFePo4 batteries offer + 4000 charge cycles
- **Innovative Modular Docking Rack:** Choose between 4 or 5 separate 16 kg batteries, making it possible to displace machine with changing 1 battery only.
- **Spare Parts:** Designed with standard BT components for easy replacements.
- **Low Center of Gravity** ensures optimal machine stability.

SPECIFICATIONS:

- Weight: 322 Kg
- Dimensions: 1940mm x 990mm x 1040mm
- Blade rotation speed range: 0 - 145 RPM
- Engine: Clover 10 kW
- Battery
 - Type: Lithium LiFePo4 (non flammable)
 - Output: 48 VDC/30 Ah
 - Charge Time: 47 min (35 A Charger)
 - Weight: 14.4 kg
- Charger Type: 35 A Fast Charger
- Pan & Blade type options:
 - FP9408 Float Pan
 - FS9043 Float shoes
 - F90416 Finish blades
 - C90419 Combination Blades
